Brass Candlesticks, Mixed Glass Tealight Holders, Gold Glass Lantern Boxes & Black Metal Hanging Frame

Welcome to Bluebells & Daisies' Book of Treasures.

Alongside our wedding floristry business we offer the essentials to hire and style your wedding day. Our hire collection offers carefully curated, artisan-crafted decor. Our hire service allows us to play a part in reducing wedding and event decor waste, leaving you without a room full of unwanted props.

We offer these pieces at exclusive pricing to our Wyresdale couples. This look book offers some inspiration of how the pieces can be styled on the guests tables, ceremony space and little cute corners of a venue.

To hire any of our items, just ask us to add it on your flower proposal or pop an email to us and name the items you wish to hire. All of the pieces can be styled by us on your wedding day or you are welcome to collect them from us and style yourself. All items have a damage charge in which we will let you know when they are hired from us. We don't charge a deposit but we do ask for a cost towards replacement if damaged or lost.

We have put together a small selection of items that we use the most often and that our couples love and adore, if there is something specific you would like and we can have a peep in our bursting to the seams store cupboard.
